

Why Choose THE PROFESSIONAL PROTECTOR PLAN® FOR DENTISTS?

There are many reasons that dentists choose to be insured by the Professional Protector Plan® for Dentists. Excellent coverage, knowledgeable agents, dedicated and professional claims service, and a risk management program designed to help you identify and mitigate risk are just a few of them.

In today's legal climate, even the finest dentist is at risk. With the Professional Protector Plan, you have the support of a program that understands the risk you encounter and the insurance coverage you need for yourself and your practice.

The Professional Protector Plan has continuously insured dental professionals across the nation since 1969 with insurance customized to meet the needs of individual practices.

Only with the Professional Protector Plan will you have an insurance program issued through a carrier with the strength and stability of AAIC, which has earned an "A" Rating from A.M. Best. Additionally, the PPP offers all of your professional insurance through a single provider, eliminating the inconvenience that you may face by choosing multiple companies for various insurance needs.

The Professional Protector Plan is unique among insurance programs in a number of ways:

- The PPP provides broad coverage for your profession and your practice all through one carrier, AAIC Insurance, providing a streamlined approach to ensure your individual insurance needs are met.
- The PPP Risk Management program addresses measures to reduce your exposure to risk in workable, practical ways through live seminars and self-study courses. As an added benefit, those completing a course receive continuing education and professional liability premium credits.
- Each state has its own appointed program representative with dental professional liability insurance experience, industry expertise and a core value placed on quality and customer service.
- A National Advisory Board, consisting of prominent dental professionals, provides insight into changing issues for the benefit of all policyholders. The Board also provides a forum that allows policyholders to be heard by their peers.
- The PPP has a dedicated team of claims professionals experienced in managing professional liability claims. The law firms are chosen for their expertise in medical and dental professional liability defense, providing a winning combination of claims and legal expertise for our insureds.
